Re: Freedom of Information Act Request,
Tracking Number EPA-R9-2013-008052

Dear Ms. Henry-Luna:

This letter is in response to the above-referenced Freedom of Information Act Request, which you submitted to the U.S. Environmental Protection Agency ("EPA") on July 10, 2013, regarding the Puente Valley Operable Unit of San Gabriel Valley Area 4 Superfund Site ("PVOU").

In your request, you indicated the need for a list of Potentially Responsible Parties (PRPs) for the PVOU. We do not have a document of that type in a releasable form. We can, however, provide you with a list of the names and addresses of all PRPs to whom EPA has sent special notice (which is, in essence, the operative list of PRPs for the PVOU) and that you would be able to compare those parties with the parties who have entered into consent decrees with EPA. Please let us know if you find this approach acceptable.

On August 2nd, we sent a CD containing electronic versions of the documents we found responsive to your request. This letter closes out our response.

If you have any questions regarding this response, please call me at (415) 947-4218.

Sincerely,

Raymond Chavira
Remedial Project Manager
Puente Valley Operable Unit
